

LED SOLAR WALL LIGHT

Specification

PTW-005A1

Parameters

- 1- 24LED Solar Motion Sensor Light
- 2- Material:ABS,AS
- 3- Solar panel:Amorphous solar panel 6V,0.5Watt
- 4- Battery:Rechargeable Lithium
- 5- Battery,14500,500mAh.3.7V,1PC Light source:SMD2835 LED, 24PCS
- 6- Working time: 120minutes after full charged
- 7- Lightness:100LM
- 8- Function: Constantly lighting and sensor lighting

Solar

Motion

AUTO

LED

IP44

Switch

Model:PTW-005A1

Features

- 1- Integrated design of PIR motion sensor
- 2- Built-in solar panel
- 3- Three optional modes
- 4- Installs easily with no wiring necessary
- 5- Rechargeable batteries(included)
- 6- Motion sensor turns light ON automatically at night when motion is detected 7-
- 7- Durable weather resistant heavy duty plastic construction
- 8- Anti UV radiation
- 9- Waterproof IP44, heatproof and durable
- 10- (5-10) years limited warranty
